

Kirby Hall

Helen Kirby Hall was built by the Methodists of Texas, supplemented by funds from the Board of Missions, and was named in honor of Mrs. Helen Marr Kirby, who was Dean of Women for many years.

The capacity of the Hall is one hundred girls, and they are drawn indiscriminately from various denominations. The building has every modern convenience, including an electric elevator, and is fire-proof and steam heated. In summer, it is one of the coolest places in the city, and is noted for its homelike atmosphere. On the first floor are located the parlors, the library, the offices, the apartment for the staff, and the dining room and kitchens. The second and third floors are occupied by the young women students.

Kirby Hall is conducted by a staff consisting of the Social Director and the Business Manager, under the supervision of the Local Board of Control, of which Mrs. T. A. Brown is chairman.
