Established in 1976, Kirby Hall is a private college preparatory school serving Pre-K through 12th grade. Its average student-teacher ratio of 12:1 allows for seminar-style classes, which employ a Socratic teaching method. On average, our students are performing in the top 10% of the nation.

For four decades, our academic rigor has beautifully prepared Kirby Hall students for college. Located in an historic building adjacent to the University of Texas campus, students are exposed to a collegiate environment, through research projects utilizing the UT library system, attendance at UT events, auditing classes, dual enrollment, and more, all the while maintaining an intimate, warm upper school campus with close faculty-student relationships.

Kirby Hall School is now in its 40th year of educating Austin children. We have a history of 100% college attendance. Our highly selective Upper School program is an incubator of intense study for that unique learner who seeks more and has a desire to excel. With virtually one-on-one instruction, our engaged faculty has focused goals for each student, inspiring him or her to move ahead, take that next challenge, grow in self-confidence, and dream large. The result is exceptional, self-assured students who perform in the 10% of the nation with a historic mean SAT score of 1430 and acceptance to highly selective colleges and universities.
